Choreographic Competition 2024

Every 2 years we hold our very own Choreographic Competition.

We were delighted to have over 50 entries, and in the October half term we held the initial heats to select tonight's finalists.

It takes much time, effort and thought to create your own dance. From choosing a suitable piece of music, editing it to ensure it's the correct length, finding the right costume, working on a story or theme, creating the patterns, steps and sequences, using your space on stage and then practising and getting it just right.

A huge congratulations to everyone who entered.

We are delighted and honoured to welcome
